

National Reach With a Personal Touch

From custom commercial kitchen design and construction to one-stop sourcing of your kitchen & tabletop operating supplies, Singer Equipment Company delivers on your every need with specialized expertise, responsive support and a history of success across the foodservice industry.

Founded in 1918, Singer has remained a family owned and operated company for three generations. Now the country's fifth-largest foodservice equipment and supplies distributor, we remain true to our commitment to strong, long-term relationships.

“Singer is the best in the business. Their team of product experts provides fresh ideas for every concept we develop. When you dine at one of our spaces, it feels special. The team at Singer makes that happen.”

Steve McHugh, Executive Chef
Landrace at Thompson, San Antonio, TX

Singer's Full Suite of Foodservice Solutions

A true one-stop shop, Singer has the expertise, resources and industry relationships to deliver efficient and cost-effective design, installation, delivery and distribution services.

FOODSERVICE DESIGN

Our turnkey approach begins with an idea. We listen to your concept and help develop it into an efficient, streamlined operation as we design your project to your specifications.

PROJECT MANAGEMENT AND INSTALLATION SERVICES (KEC)

Our project managers work with your team to keep things running like clockwork. We coordinate project scheduling, deliveries and equipment installation with your general contractors and other tradespeople.

INTERIOR DESIGN

We'll bring your vision for your space to life with finishes, tones, furniture, lighting and decor that create the right mood, flow and ambiance.

TABLETOP AND SMALLWARES CURATION

Our solutions don't just help create an ideal environment that complements your brand; they'll also help grow your revenue, reduce your costs and elevate the entire end-user experience.

PROCUREMENT EXPERTISE

We offer competitive pricing on all equipment and look for opportunities to reduce costs, improve quality, and maximize delivery and installation efficiency.

CONSOLIDATION

We offer competitive pricing on all equipment and look for opportunities to reduce costs, improve quality and maximize delivery and installation efficiency.
